I, _____,

support the young people of #BuildHomesNow and their campaign to end child homelessness.

Belfast City Council have declared a homeless 'crisis' which they will 'use all available powers' to solve.

Council are currently consulting on the future of the twenty-five-acre vacant Mackies site - publicly owned land in the area of highest housing need in the city.

I call on Council to prioritise social homes for homeless children and their families at the Mackies site as part of a sustainable, multi-purpose development that meets need, delivers on equality obligations, nourishes the natural environment and helps to bring down the walls of the past to build a positive, shared city for young people.
